

MENTORS APPLICATION FORM

Thank you for considering offering your time to a student or alumni of Las Vegas High School out of a sense of commitment to a better tomorrow for Nevada.

You are not required to be 'accredited' or licensed person in the fields you wish to offer your advice and guidance. Our request is that you must have enough experience in your field of expertise to give you a well rounded opinion.

Please treat each person you advise as you would if they were a niece or nephew seeking advice from a trusted relative.

Please allow your student/alumni a chance to fully discuss their area of interest and ask them who, what, when, where, and why (if appropriate) before you give your advice.

The student/alumni may ask for general guidance and direction, or may wish to be introduced into the proper business or governmental body that relates to their area of interest and advice.

This is a loosely based opportunity for you to assist another person on a one-to-one basis, and you may make a difference in that person's life.

Thank you,

Bruce Langson (if you have questions call my cell 702-265-1735) Please send this filled out form to me at 7380 S. Eastern #124-117 Las Vegas, NV 89123
